NESCO Launches New Vacuum Sealer

New Deluxe Vacuum Sealer Provides Unmatched Versatility and Performance

The VS-09 Deluxe Vacuum Sealer is the latest in a line of high-quality vacuum sealers from NESCO, the Wisconsin-based small kitchen appliance innovator and creator of the world-famous NESCO Roaster Oven.

NESCO provides stylish designs trusted for performance, relied upon for durability, and endeared for their savory results. The VS-09 Deluxe Vacuum Sealer is no different. Highlighted by its multiple seal options and easy-to-use features, it provides enhanced capabilities for safe and effective food preservation.

A unique pulse vacuum function provides optimal control over the air suction allowing the user to slowly extract air from bags or containers. It is useful for the manual control of air removal from vacuum sealer bags that contain fragile foods such as bread.

This feature allows the user to stop/start the suction as needed to dial in the precise amount of air removed from the bag. It safely preserves freshness while also maintaining the shape, texture, and integrity of the food.

VS-09 Deluxe Vacuum Sealer Makes Preserving Food Easier

The newly released VS-09 Deluxe Vacuum Sealer delivers a sturdy, countertop food preservation solution that keeps foods fresh up to five times longer than traditional methods. The fully automatic, one-touch operation makes it easy.

Not only does it come with an attractive stainless steel finish, the VS-09 Deluxe Vacuum Sealer also features a specially designed easy-lock handle that allows users to close the top of the unit with one hand while still applying pressure across the breadth of the sealer bag.

Compatible with most brands of sealer bags, the VS-09 Deluxe Vacuum Sealer includes a built-in bag cutter and roll storage compartment. Two rolls of NESCO sealer bags are included with your purchase, giving you everything you need for garden season or bulk grocery purchases.

From the original NESCO Roaster to the VS-09 Deluxe Vacuum Sealer, and other kitchen staples like cake pans, dehydrators, and food grinders, NESCO is here to make cooking easy and enjoyable!

NESCO: Your Key Ingredient

At NESCO, we believe life is an occasion worth celebrating. We're dedicated to being Your Key Ingredient in those celebrations by making cooking enjoyable again with our complete line of innovative small kitchen appliances and accessories. NESCO began as the National Enameling and Stamping Company and created the first Roaster Oven in 1931. NESCO is currently headquartered in Two Rivers, Wisconsin.
