Get Outdoor Ready With NESCO!

Camping dehydrated food and NESCO let you enjoy the outdoors

Warmer days and sunshine are upon us. It’s the perfect time to take to the outdoors, and whether you’re backpacking for two days or camping for two weeks, food is a necessary part of any camping trip. Camping dehydrated food is lightweight and ultra-packable and with NESCO, it can taste good too.

While pre-packaged dehydrated foods have come a long way in terms of flavor and nutrition, you can’t beat the benefits of doing it yourself, particularly as it relates to cost and flavor.

With a NESCO Dehydrator, you can turn your favorite foods into

lightweight, prepackaged meals and snacks that keep for up to a year!

Prepackaged dehydrated foods can cost anywhere from $8 to $11 a serving, and the flavor is often hit or miss. Doing it yourself allows you to cook your favorites.

You can control the exact taste of your food, and be absolutely sure what ingredients are used. You can tailor your camping dehydrated food to fit your lifestyle. Make it gluten-free, vegetarian, or free of a particular allergen- guaranteed.

Take control with camping dehydrated food for your next trip

- Save on cost
- Control flavor
- Control the ingredients
- Control the portion sizes
- Minimize cleanup

Dehydrating food yourself allows you to control the portion sizes. Make smaller, individual portions for small groups or individuals, or use NESCO's add-a-tray design to expand your dehydrator and create large portions for families and large groups.

These recipes, coupled with NESCO's vacuum sealer and vacuum sealer rolls, allow you to quickly and easily prepare meals on your camping trip simply by boiling water. Our vacuum sealer rolls are BPA, PVC, and Phthalates free which allows you to cook

safely and effectively right inside the bag!

With NESCO and a little time, it’s never been easier to prepare delicious, gourmet camping dehydrated foods for wherever your adventures take you.
