

# Grapefruit Mint Fruit Roll

The key to every great cocktail is the garnish added at the very end of the mixing process. Whether it's cherries or olives in a martini or a whole burger on top of your Bloody Mary, it's all about rounding out the flavors and adding a little character to your drink. During the hot days of summer, change up your usual routine with your cocktail by adding a fruit roll made in your Dehydrator. The colors make your drink pop and the fruit roll can be eaten first or dissolved in your drink!
