

CANNING ESSENTIALS KIT

MANUAL

GENERAL INFORMATION

This instruction manual contains important information concerning the assembly, disassembly and handling of the product. It also serves to inform you about the functions of the product. Please keep these instructions in a safe place so that you can access this information at any time.

Read the instructions carefully, especially the safety instructions. Failure to do so may result in serious injury or damage to the product.

SAFETY INSTRUCTIONS

CAUTION: This product is not intended to be used by people (including children) with reduced physical, sensory or mental capabilities, or lack of knowledge!

CAUTION: If children play with the packaging material and put the plastic bags of the packaging or the storage bag over their heads, they may choke!

CAUTION: Keep the packaging material away from children!

CAUTION: Not suitable for children/not a toy!

CAUTION: Improper use may result in injury or property damage!

CAUTION: Be careful when opening the packaging. If the carton is opened with a sharp knife or other pointed objects, the product may be damaged!

CAUTION: Use the product only for the functions described in this manual!

CAUTION: The product is intended for home use only!

SET INCLUDES

- 1 x Folding Rack
- 1 x Jar Wrench
- 1 x Tongs
- 1 x Jar Lifter
- 1 x Lid Lifter
- 1 x Canning Funnel Up
- 1 x Recipe Book
- 1 x Instruction manual

TECHNICAL DETAILS

Folding Rack:

Size: Dia: 11.38 in | 28.9 cm

Height: 2.28 in | 5.8 cm

Weight: 8.60 oz | 244 g

Material: SUS430 + PVC

Jar Wrench:

Size: 10.94 in x 3.23 in | 27.8 cm x 8.2 cm

Weight: 4.8 oz | 136 g

Material: SUS430 + PVC

Tongs:

Size: 10.35 in x 1.26 in x 3.66 in | 26.3 cm x 3.2 cm x 9.3 cm

Weight: 4.23 oz | 120 g

Material: SUS430 + PVC

Jar Lifter:

Size: 8.78 in x 2.95 in x 1.69 in | 22.3 cm x 7.5 cm x 4.3 cm

Weight: 5.53 oz | 157 g

Material: SUS430 + PVC + PP

Lid Lifter:

Size: 6.89 in x 0.63 in | 17.5 cm x 1.6 cm

Weight: 0.35 oz | 10 g

Material: PP

Funnel:

Size: Up Dia: 4.84 in | 12.3 cm

Down Dia: 2.05 in | 5.2 cm

Height: 3.03 in | 7.7 cm

Total Length: 6.57 in | 16.7 cm

Weight: 1.45 oz | 41 g

Material: PP

PRODUCT DESCRIPTION

Nowadays, many people only know about cooking from their grandparents' generation – but there is hardly a better, simpler and faster way to preserve fruits and vegetables. And you cannot only keep cooked food for years – it also tastes incredibly good!

ASSEMBLY

1. Take all the parts out of the package and check if the individual parts have any damage.
2. As a next step, check if the delivery is complete.
3. When cooking, the glasses must not be placed directly on the bottom of the pot, but must be placed on a rack. Your commercial rack fits into any pot with a diameter of 32 cm bottom and protects your pot and your glasses.
4. The glass lifter: As inconspicuous as it looks – the glass lifter really makes the work much easier! After the boiling process, the glasses must be quickly removed from the boiling pot. The water is of course still in the pot at this stage and usually quite hot. So you don't use your fingers with your glass lifter. This works like a big pair of pliers. At the top, it has a handle that allows you to lift the glasses. Since rubber is attached to the four ends at the bottom, even damp glasses do not slip away. The glass lifter is an indispensable tool for those who do not want to burn their fingers!
5. The filling funnel will make your work much easier! For one thing, it won't go too far and you won't waste food. On the other hand – and this is the important aspect – the edge of the alarm glass doesn't get dirty and you don't have to clean the glass. Since a clean glass edge is important for successful cooking, the filling funnel can make cooking really easy and contributes to reliable, good results.
6. With the lid lifter you can lift the lid effortlessly.
7. To open the lid use the jar wrench. This makes it easier for you to open the tightly closed lenses.

DISPOSAL

When disposing of the packaging, please make sure to separate waste appropriately. Put the carton in the paper collection, foil in the recyclables collection.

Dispose of the product according to your country's disposal regulations.

**Thank you for choosing our product.
We would be happy to receive your honest review!**
